This remarkable camp built in the late sixties by the Government of Quebec which has been recently renovated, is an absolute gem. Its location at the mouth of the Rupert River offers quick access to a number of rapids and many holding pools where Lake Trout, Walleye, Northern Pike and Speckled Trout abound. Guests normally drive to Mistissini where they are greeted by our representative. It is also possible to fly from Montreal to Chibougamau and transfer to Mistissini by vehicle.
